Tuition Assistance

Sacred Heart School does have a tuition assistance program. Tuition assistance is furnished by special donations. These are limited funds designated for use by families who require **partial** help in the payment of their tuition.

To qualify for tuition assistance every effort must be made to participate in the fundraising events that help keep tuition rates low. This includes the scrip program. One of the considerations for tuition assistance is meeting the minimum purchase amount to avoid the addition of the scrip commitment fee to your tuition.

If a parent/guardian feels they cannot meet one of the required tuition payment plans, it is their responsibility to request a meeting with the school principal, Mrs. Darlene Boe or Fr. Antony Arokiyam to apply for the program or to request an extended payment plan.
